Announces a new class for Fall 2011

Recreational Tap Dancing for Adults

Do not miss the fun and exercise!

This class includes basic and intermediate technique, cramp rolls, time steps, drills and a variety of fun dances.

Dances taught to students include both traditional Broadway style tap dances and more modern character dances.

A new favorite is the very simple, but funny "walker" dance as it is called by current students. Decorate your own prop and find your character to portray in this dance from a famous musical.
